Staging Sells

A first impression can and almost always does make the difference in whether a property is viewed or not. We offer a variety of solutions and in every service we provide, we take pride in our high standards for quality and customer service. We understand every client is different and enjoy creating spaces that are unique.

- A professionally staged home spends 73% less time on the market compared to those without staging. (Professional Staging)
- Staged homes on the market sold for 25% more than homes without staging. (Realtor Magazine)

Client Staging Program:

We will complete a thorough walkthrough of your property and provide a detailed staging list to prepare your home for the market. This is a wonderful checklist of items to get your home photo ready!

Priced at \$200

Partial/ Occupied Staging:

Often times preparing your home for the market can be challenging. Let us provide those little touches that can really make a difference in your photos. This includes, artwork, accessories, lighting and decor as needed.

Starting at \$700

Vacant/ Full Staging:

In some cases, a potential buyer can have trouble envisioning themselves living in an empty home. Staging can help buyers imagine their ideal environment in the space and vacant staging can help you get the most money for your listing. Depending on your needs, we'll outfit the various rooms to look like the perfect model home. This will include properly scaled furniture, accessories, artwork, lighting and decor as needed.

Starting at \$1800

Redesign Rates:

Redesign is one of the fastest and most fun ways to give any room in a house a makeover. Home redesign is simply taking what a client already has and rearranging it in a fresh way.
